GREETINGS FROM EUROPEAN GYMNASTICS PRESIDENT EGFLC & EUROGYM

Dear Gymnastics Friends,

In 2026, the heart of Tuscany – beautiful Pistoia – will beat with the vibrant energy of Gymnastics for All. For the first time, Italy will host two unique events – the 5th European Gym

for Life Challenge (July 8-11), followed by the 15th EUROGYM (July 12-17).

This historic occasion opens the door not only to celebration but also to cultural richness. Participants will have the unique opportunity to experience the Renaissance spirit by visiting nearby cities steeped in history and beauty.

During the Gymnastics for All events, the feedbackers mainly consider the overall impression, originality, technique, and diversity of the performances. Yet, beyond the technical aspects, the true essence of this movement lies in coming together – sharing

friendship, communication, and purposeful leisure. I can already envision the magical atmosphere which will be created by the experienced Italian Gymnastics Federation and its dedicated Local Organizing Committee. I am confident that the passionate Italian audience will warmly welcome all participants and deeply appreciate the Organizers' efforts made in close cooperation with the Technical Committee.

In a world that changes rapidly, it is not always easy to captivate audiences. However, I am proud that we are a part of the powerful community – people who can bring joy and inspiration through a simple philosophy: "Life is beautiful in action."

I wish the best of luck to all participants and stakeholders in their preparations and contributions toward the success of these unforgettable events.

PISTOIA

GREEN CAPITAL

6.000 HECTARES OF NURSERIES
38 MILLION PLANTS PRODUCED PER YEAR
MORE THAN 1.500 COMPANIES
SPECIMENS EXPORTED ALL OVER THE WORLD

Nurserymen, landscapers and architects from all over the world come to Pistoia to see and choose plants that are placed at the entrance to the Louvre Museum as well as in the gardens of Buckingham Palace, at the Olympic stadium in Baku and at the court of the King of Jordan.

The history of Pistoia's nurseries has its roots in the 17th century, when local agriculture began to specialize in the cultivation of ornamental and garden plants. During the nineteenth century, thanks to the growing demand for trees and shrubs for aristocratic villas and gardens, the sector experienced significant expansion. However, it was in the twentieth century that Pistoia's nurseries established themselves as national excellence, with

the introduction of modern cultivation techniques and a progressive orientation towards the international market. Today Pistoia is considered the Italian capital of nursery farming, with thousands of cultivated hectares and an economy based on innovation and sustainability. The Pistoia nurseries export plants all over the world, contributing to the enhancement of urban greenery and the protection of the environment.

PISTOIA

THE PLACE TO BE IN SUMMER 2026

In 2017 Pistoia was named Italian Capital of Culture, a recognition that enhanced its extraordinary historical, artistic and cultural heritage. During the year, the city hosted numerous events, exhibitions and initiatives that highlighted its identity, from medieval tradition to contemporary art.

The title has allowed us to rediscover symbolic places such as Piazza del Duomo, the Ospedale

del Ceppo, the Fabroniana Library and the Pistoia Sotterranea, as well as promoting important festivals such as the Pistoia Blues and the Dialogues on Man.

The event also encouraged tourism and the valorisation of the territory, strengthening the link between culture and economic development.

Even today, the legacy of Pistoia Capital of Culture 2017 is reflected in the cultural liveliness of the city, which continues to be a point of reference for art, music and literature in Tuscany and Italy.

PISTOIA

WHAT TO SEE (MAIN ATTRACTIONS)

Pistoia offers a mix of cultural, historical and sporting attractions that make it a fascinating destination for visitors and residents.

Piazza del Duomo – The historic heart of the city, surrounded by medieval buildings such as the Cathedral of San Zeno, the Baptistery of San Giovanni in Corte and the Palazzo dei Vescovi.

Ospedale del Ceppo – Famous for the Della Robbia frieze in polychrome ceramic, which depicts scenes of hospital life.

Church of San Bartolomeo in Pantano and Church of San Giovanni Fuorcivitas – Treasures of Pistoia Romanesque art.

Fortezza Santa Barbara – Built by the Medici, today it hosts events and shows.

Civic Museum and Palazzo Fabroni – They house important art collections and contemporary exhibitions.

Pistoia Underground – A fascinating journey beneath the city that traces its history through tunnels and ancient buildings.

San Giorgio Library – One of the most modern and active libraries in Tuscany, with numerous cultural initiatives.

Cultural events – The Pistoia Blues Festival, which attracts internationally renowned artists, and the anthropology festival Dialoghi sull'Uomo.

Pistoia combines history, art and sport in a lively context, offering attractions for all tastes.

Enjoy it!

FLASHMOB “ALLA SALUTE”

As always, the EUROPEAN GYM FOR LIFE CHALLENGE & EUROGYM event will have its own flashmob dance.

“Alla Salute” is an energetic and uplifting song by Italian artist Jovanotti and its title translates to “To Your Health”, a common toast in Italian culture. But the song goes beyond a simple cheer.

It's a celebration of life, resilience, and positivity, even in the face of challenges. With its lively rhythm and joyful lyrics, Jovanotti invites us to embrace every moment, appreciate what we have, and raise a glass to the journey-whatever it brings.

The message is clear: no matter what life throws at you, choose joy, dance, and keep moving forward. It's the perfect anthem for an event like EUROPEAN GYM FOR LIFE CHALLENGE & EUROGYM 2026, where movement, unity and celebration come together.
